

**Confidence Group company webinar  
"Recent changes in the migration legislation of Russia"**

On November 9, 2022, another regular training webinar was held on topical issues of modern Russian migration practice

Yesterday we held again a meeting with colleagues and partners, communicating in real time on the topic of changes in the migration and labor legislation of Russia.

Confidence Group specialists monitor the innovations of Russian government agencies on a daily basis, send requests to the Ministry of Internal Affairs of Russia, and study the compliance of the provision of migration processes with the regulatory framework. We always have hot information that we are in a hurry to share with you. Therefore, each new webinar on a seemingly old topic gathers an interested professional audience.

More than 80 participants were registered for the November 9 event.  
Dear colleagues and partners, thank you for your trust, attention and feedback!
