

Negative consequences of changing the list of positions of foreign citizens eligible for admission to Russian citizenship in a simplified manner 19.05.2022

The [Order of the Ministry of Labor of Russia dated 05.04.2022 No. 199n](#) approving a new list of professions (specialties, positions) of foreign citizens and stateless persons - qualified specialists who have the right to admission to Russian citizenship in a simplified manner was published on May 13, 2022.

The old list containing 135 professions (specialties, positions) of foreign citizens, approved by [the Order of the Ministry of Labor of Russia dated 25.11.2019 No. 734n](#), will be terminated from the moment the new one enters into force.

173 professions (specialties, positions) are divided into 14 sections in the new list.

Particularly, the list includes doctors of various specialties, paramedical personnel, pharmacists, teachers, workers in agriculture, animal husbandry, veterinary medicine, enterprises of the agro-industrial complex, food industry, geologists, computer software developers, mechanics and repairers of aircraft, ships and railway rolling stock, workers in the field of construction.

At the same time, the following professions (specialties, positions), previously included in the old list, were excluded from the new one:

- Host of the program;
- Doctor of the station (department) of emergency and emergency medical care;
- Cardiorheumatologist;
- Laboratory assistant;
- Specialist doctor;
- Epizootologist;
- Gas welder;
- Director of economics;
- Zootechnician;
- Engineer for the introduction of new equipment and technology;
- Mining engineer;
- Oil and gas production engineer;
- Instrumentation and automation engineer;
- Master of drilling;
- Mathematician;
- Nurse;
- Machine operator;
- Installer for the installation of steel and reinforced concrete structures;
- Installer of sanitary systems and equipment;
- Fish farmer;
- Assembler of electronic equipment products;
- Mechanic for repairing agricultural equipment;
- Mechanic for repairing agricultural machinery;
- Mechanic for repairing agricultural machinery;
- Specialist in mechanical engineering technology;
- Technologist of agricultural production;
- Miller;

- Electrician of the site;
- Electric welder on automatic and semi-automatic machines;
- Entomologist.

This means that foreign citizens working in professions (specialties, positions) excluded from the new list will no longer be able to apply for admission to Russian citizenship in a simplified manner. They will have to think about [the selection of other grounds](#) for this.

But these are not all the negative consequences for foreign citizens entering the Russian Federation in order to carry out labor activities in the Russian Federation in a profession (specialty, position) excluded from the list under discussion.

Now their relatives will no longer be able to issue invitations and ordinary work visas for the "accompanying family member" purpose of traveling. The possibility of extending work visas for accompanying family members in this situation is also impossible.

Similar risks may also arise for those foreign citizens whose professions (specialties, positions) are spelled out in the new list differently than in the old one:

"Old" title of the profession (specialties, positions)	"New" title of the profession (specialties, positions)
Procedural nurse	Procedural nurse/Procedural medical brother
District nurse	District nurse/District medical brother
Medical laboratory technician	Medical laboratory technician (Laboratory assistant)/Laboratory assistant
Paramedic laboratory assistant	Medical laboratory technician (Paramedic laboratory assistant)/Laboratory assistant
Scrub nurse	Scrub nurse/Scrub medical brother
Design engineer	Design engineer/Constructor
Tractor driver-machinist	Tractor driver-machinist of agricultural production
Correspondent	Media correspondent
Editor	Media editor
Metrology engineer	Metrology engineer in metrological support for nanotechnology product development, production and testing/Metrology engineer
Process engineer	Process engineer/Process engineer (Technologist)
Turner-borer	Turner-borer/Borer

Below is a complete list of professions (specialties, positions) of foreign citizens and stateless persons - qualified specialists who have the right to admission to Russian citizenship in a simplified manner. Reminding you that this list comes into force as of May 24, 2022:

1.1. Positions of specialists with the highest professional (medical) education (doctors)

1. Anesthesiologist-resuscitator
2. Bacteriologist
3. Hematologist
4. Pediatric oncologist
5. Doctor - pediatric urologist-andrologist
6. Pediatric surgeon
7. Doctor - pediatric endocrinologist
8. Doctor of the health center
9. Infectious disease doctor
10. Cardiologist
11. Doctor of clinical laboratory diagnostics
12. Neurologist
13. Neonatologist
14. General practitioner (family doctor)
15. Oncologist
16. Otorhinolaryngologist
17. Ophthalmologist
18. Pathologist
19. Pediatrician
20. District pediatrician
21. Medical rehabilitation doctor
22. Palliative care physician
23. Doctor of the reception department
24. Psychiatrist
25. Child psychiatrist
26. Psychiatrist child precinct
27. Adolescent psychiatrist
28. Adolescent precinct psychiatrist
29. District psychiatrist
30. Psychiatrist-narcologist
31. Radiologist
32. Rheumatologist
33. Radiologist
34. Emergency medical doctor
35. Statistician
36. Dentist
37. General practitioner
38. District general practitioner
39. Traumatologist-orthopedist
40. Urologist
41. Physiotherapist
42. Phthisiatrician
43. District phthisiatrician

44. Doctor of functional diagnostics
45. Surgeon
46. Endocrinologist
47. Endoscopist

1.2. Positions of specialists with secondary professional (medical) education (paramedical personnel)

1. Obstetrician/Midwife
2. Head of the paramedic and obstetric station-paramedic (obstetrician/midwife, nurse/medical brother)
3. Nurse/Medical brother
4. Nurse anesthetist/ Medical brother anesthetist
5. Ward nurse (post)/Medical brother ward (post)
6. Procedural nurse/Procedural medical brother
7. District nurse/District medical brother
8. Medical laboratory technician (Laboratory assistant)/Laboratory assistant
9. Scrub nurse/Scrub medical brother
10. X-ray technician
11. Paramedic
12. Paramedic of emergency medical care

II. Pharmacists

1. Pharmacist
2. Pharmacist (Druggist)

III. Teaching staff

1. Assistant
2. Educator
3. Dean of the faculty
4. Director of the institute
5. Associate professor
6. Head of the department
7. Accompanist
8. Master of industrial training
9. Music director
10. Teacher of additional education
11. Educational psychologist
12. Lecturer
13. Professor
14. Senior educator
15. Senior teacher of additional education
16. Senior lecturer
17. Teacher
18. Teacher-defectologist
19. Speech therapist

**IV. Workers of agriculture, animal husbandry, veterinary medicine, enterprises of the agro-industrial complex, food industry**

1. Agroengineer
2. Agronomist
3. Agrochemist
4. Veterinarian and sanitary doctor
5. Veterinary and sanitary expert
6. Veterinarian
7. Veterinarian-gynecologist
8. Veterinarian of the reproductive zone
9. Veterinarian-therapist
10. Veterinary epizootologist
11. Hydromeliorator
12. Machine milking operator
13. Employee in the field of veterinary medicine
14. Specialist in the field of agricultural mechanization
15. Specialist in aquatic bioresources and aquaculture
16. Specialist in zootechnics
17. Technologist of food and processing industry
18. Technologist of production and processing of agricultural products
19. Tractor harvester
20. Tractor driver-machinist of agricultural production
21. Tractor driver-machine operator

V. Workers of geology and subsoil exploration

1. Drilling master
2. Underground miner
3. Mining master
4. Mining engineer
5. Surveyor
6. Drilling and mining mechanic
7. Technician-cartographer

VI. Employees of nuclear energy organizations

1. Welding engineer
2. Chemical engineer
3. Electrical engineer
4. Specialist in the field of instrumentation and automation of a nuclear power plant

VII. Employees of scientific research institutions, design, technological, design and survey organizations

1. Chief project engineer
2. Design engineer/Constructor
3. Structural engineer

VIII. Computer software developers

1. System programmer/System engineer

IX. Journalists and literary workers, workers of editorial and publishing departments

1. Media correspondent
2. Media editor

X. Mechanics and repairers of aircraft, ships and railway rolling stock

1. Metal ship hull assembler
2. Aircraft fitter-assembler
3. Locksmith-ship repairman
4. Shipbuilder-repairman
5. Ship pipeliner

XI. Workers of extractive industry and metallurgy

1. Chief metallurgist
2. Machinist of mining excavation machines
3. Drilling technician

XII. Construction workers

1. Chief project engineer/Specialist in the organization of architectural and construction design
2. Construction supervision engineer
3. Installer of concrete and metal structures
4. Installer of sanitary systems and equipment
5. Installer of ventilation, air conditioning, pneumatic transport and aspiration systems
6. Installer of technological pipelines
7. Installer of technological equipment and related structures
8. Organizer of construction production
9. Welder of reinforcing meshes and frames
10. Locksmith for the assembly of metal structures
11. Construction locksmith
12. Specialist in the field of production, technical and technological support of construction production
13. Specialist in the field of information modeling in construction

XIII. Workers in installation and repairing electrical equipment

1. Mechanic for maintenance and repairing equipment/Electric fitter for maintenance and repairing equipment/Electric fitter (locksmith) for duty and repairing equipment
2. Electrical installer for cable networks
3. Electrician for lighting and lighting networks
4. Electrician for repairing overhead power lines
5. Electrician for operating of distribution networks
6. Ship electrician

7. Underground electrician
8. Construction electric fitter

XIV. Other employees employed in enterprises, institutions and organizations

1. Engineer for automated production control systems
2. Information security engineer
3. Quality engineer
4. Metrology engineer in the field of metrological support of development, production and testing of nanotechnological products/Metrology engineer
5. Adjustment and test engineer
6. Engineer for the organization of production management
7. Production preparation engineer
8. Software engineer/Programmer
9. Process engineer/Process engineer (Technologist)
10. Laboratory microbiologist
11. Mathematician
12. Mechanizer (docker-mechanic) of a complex brigade at loading and unloading operations
13. Installer of radio-electronic equipment and devices
14. Adjuster of machines and manipulators with program control
15. Chip builder
16. Specialist in the field of biotechnology of biologically active substances
17. Specialist in technologies of machining production in mechanical engineering
18. Woodworking machine operator
19. Wide profile machine operator
20. Setup and testing technician
21. Technologist
22. Turner
23. Lathe turner
24. Turner-borer/Borer
25. Chief Financial Officer/Deputy Director for Finance
26. Grinder
