On August 1, 2022, a law came into force allowing citizens of Ukraine, the LPR and the DPR to register as self-employed

[Federal Law No. 206-FZ dated June 28, 2022 "On Amendments to Articles 3 and 5 of the Federal Law "On conducting an experiment to establish a "Tax on Professional Income" special tax regime"](#), allowing citizens of Ukraine, the DPR and the LPR to register in Russian tax authorities as self-employed, amends Art. 3 and 5 of the federal law "On conducting an experiment to establish a "Tax on Professional Income" special tax regime".

The text of the law was published on June 28, 2022 on the official portal of legal information, as we wrote about [earlier](#). It states that the law comes into force one month after publication, "but not earlier than the 1st day of the next tax period for professional income tax." The tax period for professional income tax (PIT) starts on the first day of each month, so the law came into force on August 1, 2022.

The law on conducting an experiment to establish a special tax regime establishes the possibility for Russians and citizens of other EAEU states to submit applications for registration as a payer of professional income tax (PIT) using the Unified Public Services Portal.
