We are conducting webinars on the same topic periodically, but it does not mean that all of them are the same. We provide you with latest updates on migration law, and each webinar is followed by a unique discussion, in which we answer all your questions received before and during the webinar.

**If you would like to receive a video recording or ask a question, please let us know via the feedback forms on the site or by e-mail.**

During the webinar we discussed the following questions:

- What restrictions have been lifted?
- What restrictions continue to be valid?
- Removal of restrictions on the issuance of electronic visas. Who, when and how can enter Russia?
- PCR test, in what cases is it necessary to present for entry into Russia?
- Is there still a requirement to upload PCR test results to the Travel Free COVID-19 app?
- How does the removal of anti-coronavirus restrictions affect the validity of migration documents that were suspended by Decree of the President of Russia No. 364 dated June 15, 2021?
